

## How do I get to the apartment from Barcelona airport?

We think the best way to get to the apartment, with public transport, would be by bus and metro.

### **PUBLIC TRANSPORTATION:**

**BUS & METRO:** There are two bus services, the Aerobus (private service with few stops) and the public bus number 46.

Both buses leave from just in front of the airport and the stop you should get off at is Plaza Espanya. The Aerobus is quite regular (every 5 minutes) and it costs either €5,90 one way or €10,20 return. It is a blue bus. Once you leave the airport, it will take about 20-25 minutes. Bus number 46 is not so regular (every 15-20 minutes), but is more economical, only 2,40 €.

From there, you can take the metro to Paral.lel station, it is the green line (L3) and is only two stops away. When you are leaving the metro, there are two separate exits. You should take the exit for "Ronda Sant Pau". The metro stop is literally in front of the building. You just need to cross the set of traffic lights that are there. It is the corner building. The address is Ronda Sant Pau No.1. It is by a bank called "BBVA".

Approx. Time: 35-45 min.

**TRAIN & METRO (best option from Terminal 2):** From Barcelona Airport Terminal 2, there is also the option to take the train to Barcelona-Sants station. Ticket: 2,40€. There you can then take the green line of the metro to Paral.lel Station (4 stops).

Approx. Time: 50-60 min.

**TIP: Special ticket T-Casual.** One-person ticket with 10 journeys for 11,35€. You can use this ticket for bus (46 or others in the city), metro (except from/to the Airport station) or train. With this ticket you can change (for 75 minutes) from one transport to another paying only one journey. You can buy this special ticket in all metro or train stations (not on the bus). At the airport, the metro station is close to the bus 46 stop.

**ONLY METRO:** Special ticket: 5,15€. From Barcelona airport take the metro (Orange Line, L9 Sud) to Zona Universitaria station. Then change to the green line L3 to Paral.lel Station.

Approx. Time: 90-100 min.

**TAXI:** Taxis can transport up to 4 persons. If the traffic is flowing, the ride should cost around 30€, plus 1€ for each piece of luggage. There are also bigger vehicles for up to 6/7 persons, but these are not always available and they may charge extra for more than 4 persons.

Approx. Time: 25-35 min.

### **Recommended option:**

**We have an agreement with a transfer company, which is the best option for groups.**

**Private minivan 7 to 13 people**

**One way: 50 to 65 €**

Approx. Time: 25-35 min.
