

Hunt House Gentler Days Guide

Days out from Hunt House in Kilsby, CV23 8XR. September 2026 edition. Journey times are estimates; check live routes, opening, tickets and access before travel. Links open current visitor information and maps.

Days out at a gentler pace

Choose by interest and energy level. A gentler visit is not automatically step-free: check surfaces, gradients, toilets and mobility arrangements with the venue.

Braunston

Map and driving directions

Watch the boats and choose a short out-and-back towpath walk, then a meal. Uneven surfaces mean it is not a guaranteed accessible route.

Daventry Country Park

Map and driving directions

Choose a short waterside section and return when ready rather than committing to a complete circuit.

Canons Ashby

Map and driving directions

A house, garden and tea-room visit can make a relaxed half-day. Check the accessible route and house opening.

Leamington Spa

Map and driving directions

Make the gardens and a café your main plan, with the museum optional.

Stratford riverside

Map and driving directions

Enjoy the river and gardens, with an optional boat trip only if boarding arrangements suit your needs.

Taking a dog

Countryside does not always mean dog-friendly. Check each attraction and eating venue separately. At Draycote, the reservoir circuit is not a dog walk. Keep dogs under control around livestock and wildlife, and check lead restrictions on estate walks.
