

GUEST ACTIVITIES & EXPERIENCES

Clinton and I decided to build Olepani on this spot as we felt it is the perfect place to escape from it all and yet close enough to explore the incredible diversity on offer found in the Laikipia.

From our secluded and tranquil farm bursting with flowers, vegetables, bees and horses to the game rich wildlife reserves, hidden waterfalls, hiking trails and bustling communities around us. Each of our guests choose the pace they would like to move at whilst staying with us.

Our horses are mostly thoroughbred raised in Kenya, several are bred here at Olepangi which we are particularly proud of. Whether you fancy some freedom that the back of a horse provides, a gentle canter amongst zebra and giraffe, a ride along the river, a game of polo or a fresher ride in our arena, there is something for every level of rider.
