X10 Khaolak Resort

KHAO LAK, THAILAND

Welcome to X10 Khaolak Resort, a tranquil family escape on the beautiful Khao Lak coast. It offers a distinct Andaman feel with modern decor and Thai hospitality, where guests can experience the adventure of a lifetime, finding their bliss on golden sand beaches and playing in the clear-blue waters of the Andaman Sea.

The resort features seven swimming pools, two of which are made especially for children, set among the gardens of the Family Wing and the Beach Wing. The pools have an imaginative 'cove' design and gently sloping bottoms, making them perfect for children of all ages.

The friendly, reliable and professional staff are on hand to help guests settle in, exchange money, book a restaurant table, book activities and inquire about sightseeing locations, shopping and excursions. Staff are dedicated to helping guests with their travel-related needs any time, anywhere, making each traveller's stay a comfortable one.

You can also stay in shape at the well-equipped fitness room, whether it's through serious cardio

sessions on the treadmills to intensive strength training at the machines.

X10 Khaolak Resort offers many fun activities for children. Little ones can exercise and let their imaginations run wild at the dedicated kids' club. Parents can relax in the knowledge that their children are having fun and are being taken care of by the friendly, experienced staff.

The hotel's rooms and suites are equipped to the highest standard and are decorated in a sophisticated, modern style. Each guest room has a private balcony/terrace and is equipped with air conditioning, shower/bathtub, hairdryer, slippers, bathrobes, TV, desk, fridge, safety box, coffee- and tea-making facilities and wifi.

Dining at X10 Khaolak Resort offers an authentic taste of Thai and international cuisine, complete with tropical cocktails and fresh, local ingredients. Guests can choose from an à la carte menu or international buffet at the main restaurant, or enjoy à la carte seafood dishes at Seaside Seafood Kitchen.
