Wine Menu

The following wines have been checked and are suitable for a vegan diet.

White Wines

Chenin Blanc from South Africa – This fruity little number is best described as off-dry.

Pinot Grigio from Italy – The most popular grape around, dry with just a dash of spice.

Gewurztraminer/Riesling from Australia – As medium as they come.

Red Wines

Malbec from Argentina – The Malbec grape is not dissimilar to Merlot, add a splash of spice & your about there.

Carmenere, from Chile – The Carmenere grape is deep and richly flavoured but still soft on the palate.

Syrah from South Africa – with delightful floral aromas, this wine is not too dissimilar to a young Rhone – something very special!
