

TICINO TICKET

In 2016, the new Gotthard base tunnel has come into service, enabling faster and more comfortable travel to Ticino, in particular for visitors from north of the Alp

The “Ticino Ticket” project takes account of this historic moment and focuses on sustainable mobility.

During your stay, you will be able to use all public transport of the region **for free** and get discounts on various facilities and tourist attractions.

Upon arrival at the youth hostel you will receive the “Ticino Ticket” which will be valid until the end of your stay

Hoping to welcoming you soon, best regards.
