CORTIJO AND SURROUNDINGS

So much to see and do - close to mountains, beach, history and culture.

Set among its own extensive olive groves, Cortijo La Presa is near the foot of the highest mountain in Córdoba province, La Tiñosa, where the only sounds usually heard are the chirping of the birds and the bleating of the goats.

We have a seasonal outdoor pool, sun terraces, guest barbecues and a children's play area. Our rustic apartments feature original tiled floors and wooden ceiling beams.

Free parking is available on site.

Staff at Cortijo La Presa can provide information about the area, local attractions, hiking trails, etc.

Nearby - Less than 30 minutes away

Cortijo La Presa enjoys a privileged and peaceful location in the Sierras Subbéticas Natural Park, yet still conveniently close to the towns of Iznajar, Priego de Córdoba and Rute, and just a couple of kms from the village of Las Lagunillas. The area is home to a huge variety of birds including eagles and vultures, and nature lovers can enjoy the wildlife and majestic mountains without even leaving the property.

A fifteen-minute drive will take you to Iznajar, where the town's ancient Arab castle overlooks the largest lake in Andalucía. There is a sandy beach and boat trips and watersports are available.

Less than 90 minutes away

Cortijo La Presa is located at the very heart of Andalucía, making it the perfect base for a touring holiday. The historic cities of Granada, Córdoba, Málaga and Jaén are all within easy reach, as are many of the famous Andalusian "white villages".

The possibilities for day trips are endless, but the best include Granada and the Alhambra, Córdoba and the Mezquita and Málaga for its Picasso heritage, historic centre, shopping and the coast.
